

# Inspirational webinar

# Slovenia EDIH experience

Presentation by SRC-EDIH-  
Slovenian experience for up-coming EDIHs in  
Ukraine

Tatjana Koleša MSc., Development Centre Novo mesto

Slovenia and Ukraine, November 2nd 2023

**SRC-EDIH**

Shaping Europe's  
digital future

# SRC-EDIH info:

PROJECT

MEMBER OF

COORDINATOR

CO-FINANCED BY

REPUBLIC OF SLOVENIA  
MINISTRY OF DIGITAL TRANSFORMATION

Budget: 2.9 million EUR

Duration: 1.9.2022 - 31.8.2025

# What we are offering?

**GOALS:**  
In the next two years,  
we will support over  
**100**  
organizations  
(SMEs and public  
organizations) and  
more than  
**1,000**  
employees in  
acquiring new  
knowledge and skills.

# Skills and training

Catch  
your digital  
future.

As part of the project,  
we offer  
more than  
**100**  
different training  
sessions in  
various areas:

# Test before invest

Test environments enable access and experimentation with advanced digital technologies. We offer four sets of test environments:

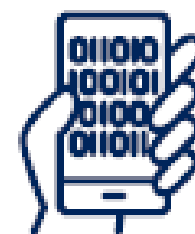

1. Advanced manufacturing

3. Testing and experimentation facility for the Human-Centric Digitalization

2. Testing environment for Cloud Computing, Cyber Security, and e-Government

4. Testing and experimentation facility for HPC, Green ICT, and Circular Economy

# Digital transformation process with SRC-EDIH

**1. Join the Ecosystem -**  
visit our website at [src-edih.rc-nm.si](http://src-edih.rc-nm.si) and sign up for news, trainings and services available for free or at 10%-20% of the market value.

**2. Digital maturity assessment -**  
our experts will conduct a digital maturity assessment of your organization and provide you with an analysis of digitalization opportunities.

**3. Your digital roadmap -**  
defining specific steps and measures that will help you achieve the positive effects of digital transformation.

**4. Implementation of measures -**  
You get access to 4 service modules:  
A - Skills and Training  
B - test before invest  
C - Support to find Investment  
D - Access to the innovation ecosystem and networking.

**5. Progress assessment -**  
After the implementation the measures, we will reassess the digital maturity of your organization and evaluate the progress you have made.

“

**We are with you on the entire journey of integrating new technologies into your organization.**
