Information

REPUBLIC OF SLOVENIA
MINISTRY OF DIGITAL TRANSFORMATION

Building a digital future together!

DIGI-SI

300+
Top Slovenian researchers

30+
Digital transformation experts (DIGI-SI agents)

70 services
That help you on the road to digital transformation

Companies, organizations, public administration

Strategic sectors
- Manufacturing
- Agrifood
- Health
- Tourism

Technologies
- AI (artificial intelligence)
- HPC (high performance computing)
- CyberSec
- Advanced skills
- IOT (Internet of Things)
- AR/VR (augmented/virtual reality)
- Robotics
- Blockchain
- Big Data

Goal
Increase the digital maturity of our service users by 10 -20%

University of Maribor

SERVICES

1 Provision digital infrastructure and equipment UM

2 Access to HPC RIVR systems

3 Gaming your project proposal

4 Creating a PoC for your digital future

5 Prototyping

6 1-1 consultation on technologies HPC, AI, Big Data, Blockchain, CyberSec,...

7 Specialized trainings

DIH Slovenije

SERVICES

(1) **National funding clinics** (seminar on digital vouchers and national financing programs)

(2) **Digital maturity assessment of our clients**

(3) **DIGI-SI Event management** (Multi-days DIGI-SI Community Days conferences, Digital Innovation Challenges, B2B events, hackathons, roadshows,...)

ITC MS

SERVICES

1 **IDEA DEVELOPMENT**

Deployment analysis, detailed plan, proof of concept

2 **TESTING AND VALIDATION**

Ensuring access to an appropriate pilot environment and infrastructure

3 **SUPPORT TO FIND INVESTMENT**

Support to find investment on national and EU level

4 **EVENTS**

Various competitions and events/ hackathons, DIGI-SI Challenge

DIGI-SI

ITC
INOVACIJSKO TEHNOLOŠKI GROZD
INNOVATION TECHNOLOGY CLUSTER

AGRIFOOD
DIGITAL INNOVATION HUB

Institut „Jožef Stefan"

SERVICES

1 Baseline and advanced digital maturity assessments and digital compasses for companies on their digital transformation journey

2 R&D services from IJS experts in AI, CyberSec, Big Data, Data analytics and advanced information and communication technologies to define ideas

3 PoC, prototyping, experimental or pilot solutions to validate innovative solutions incorporating DIGI-SI technologies for digital transformation

4 Developing prototype systems for deployment in the operational environment of SMEs and the public administration

5 Technical advice and regulatory assistance for specific areas in value chains

6 Help with business plans for green and digital innovation

DIGI-SI

Institut "Jožef Stefan" Ljubljana, Slovenija

Jožef Stefan Institute Center for Technology Transfer and Innovation

ARCTUR

SERVICES

1 **Trial session with HPC ARCTUR 2**: hands-on experience

2 **Trial session with Heritage+**: developing the concept and content of the digitised cultural heritage product

3 **Trial session with Tourism Impact Model (TIM)**: assessing impact factors

4 **Tourism 4.0 living lab**: pilot environment in tourism

5 **Tourism 4.0 readiness tool for SMEs**: empowering stakeholders for the green and digital transition

6 **Digital management**: Training on digitization of administrative and management procedures

TCS

1 — **Access to piloting environment** in health, smart manufacturing and agrifood

2 — **Demystifying** of collaborative robots in agrifood, heath and manufacturing

3 — **Hands-on experience** using digital equipment DIGI-SI

4 — Creating **PoC** for your digital future

5 — **Prototype development and implementation**

6 — **Prototype design and definition**
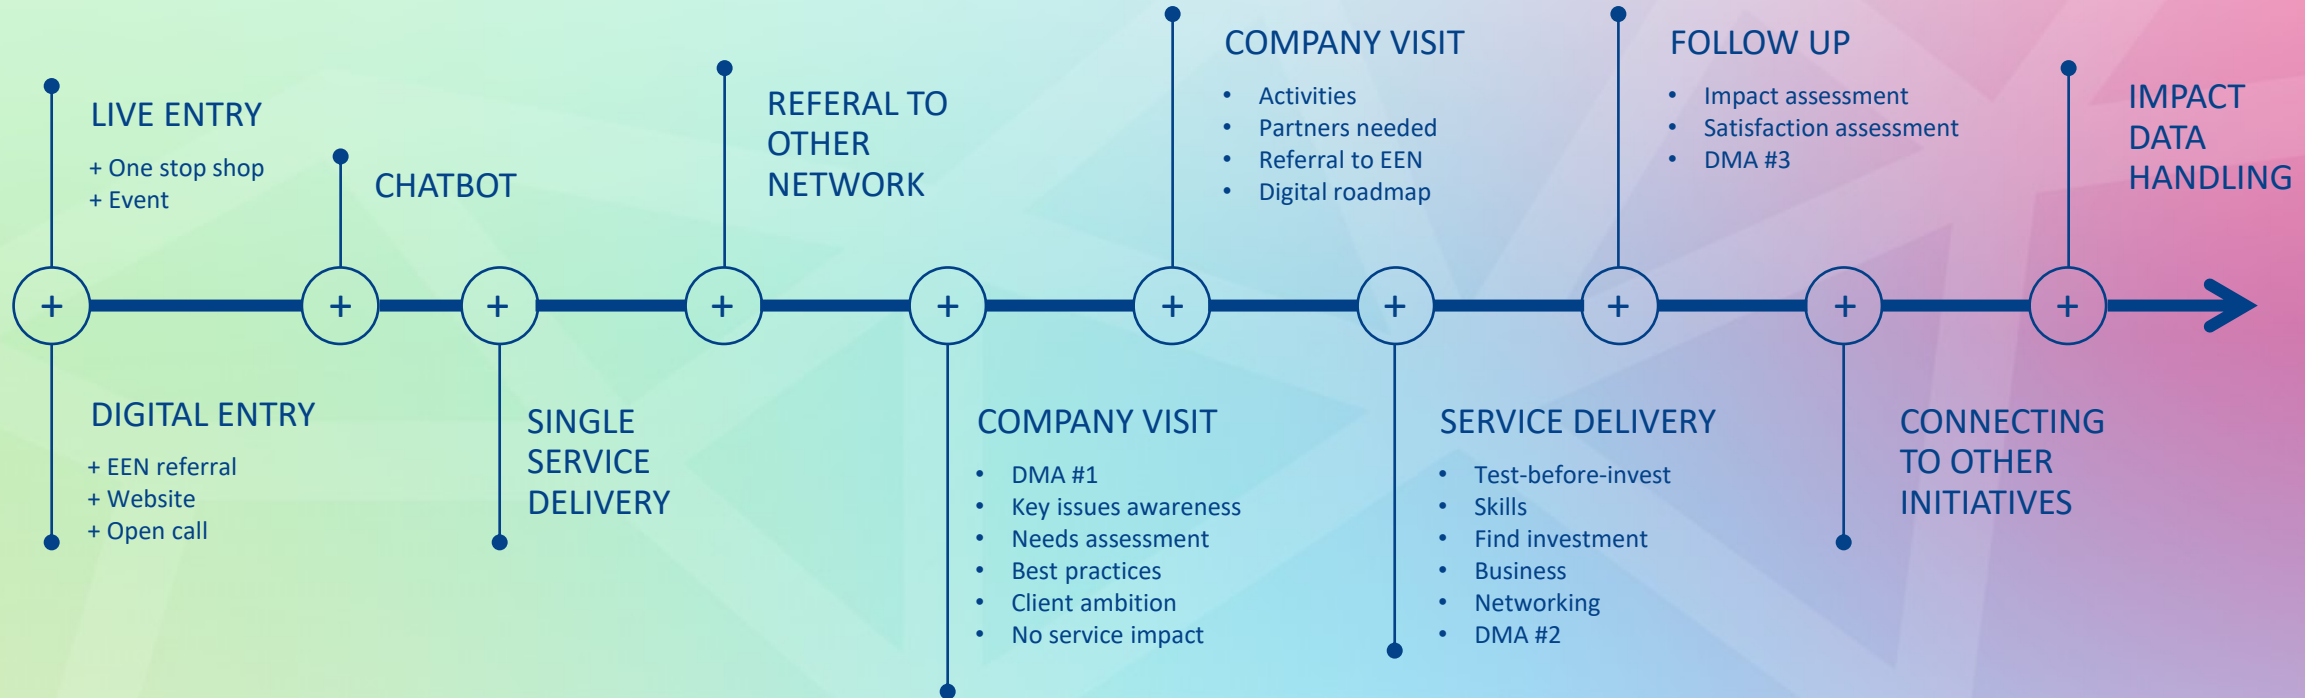

Technology Park Ljubljana

SERVICES

1 **Equipment and lab access** (trial session with XR LAB, ensuring access to physical equipment)

2 **Webinars** (demystifying AR/VR in agrifood, manufacturing, heath and tourism)

3 **Support to find investment** (workshops on preparing business plans, alternative finance clinic, private finance clinic - business angels and investors, getting funding from the Invest EU Fund)

IMPACT DATA HANDLING

Services DIGI-SI

TEST BEFORE INVEST

Hands-on experience using HPC RIVR system and HPC ARCTUR 2

Experiment in our XR LAB

Using Farm Manager to gain value from digitalization

Developing and deploying a digital prototype success story

SKILLS & TRAINING

DIGI-SI progressive: Full company inspection for a profitable digital future

DIGI-Start: Vital check-up of your digital readiness

Demystifying Artificial Intelligence, High-performance computing and Big Data

Demystifying Collaborative robots for Agriculture, Health, Manufacturing & Tourism

SUPPORT TO FIND INVESTMENT

Get investors and new business partners at PODIM conference

National funding clinics (digital vouchers)

Tips and tricks for a winning business plan generation

Working with our DIGI-SI agent on your winning project proposal

SCALLING INNOVATION ECOSYSTEM

Hack your Way to Digital Innovation on agriculture, manufacturing, health and tourism

DIGI-SI Community Days

Holistic consulting and individual technology search to address your challenge

DIGI-SI value chain executives meetup (Agriculture, Health, Manufacturing and Tourism)

Here you can see only part of the services. You can find the full range of services at https://digi-si.eu/shop/

Service list

AGROFOOD · HEALTH · TOURISM · MANUFACTURING
